

Why Sell

- Worldwide Compatibility
- Compact Design
- 4-in-1 Plug Design
- More than 150 Countries

Compatibility

MADE FOR: Made to connect plug designs from all over the world, including USA, Australia, China, Europe and the UK and adapt them to the correct connection style for power throughput
 *Adapter does not convert power. Please refer to your devices power input to determine if a voltage converter is required for operation. If the maximum input voltage listed falls LOWER than 220 Volts, you will need a power converter

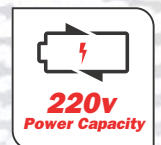

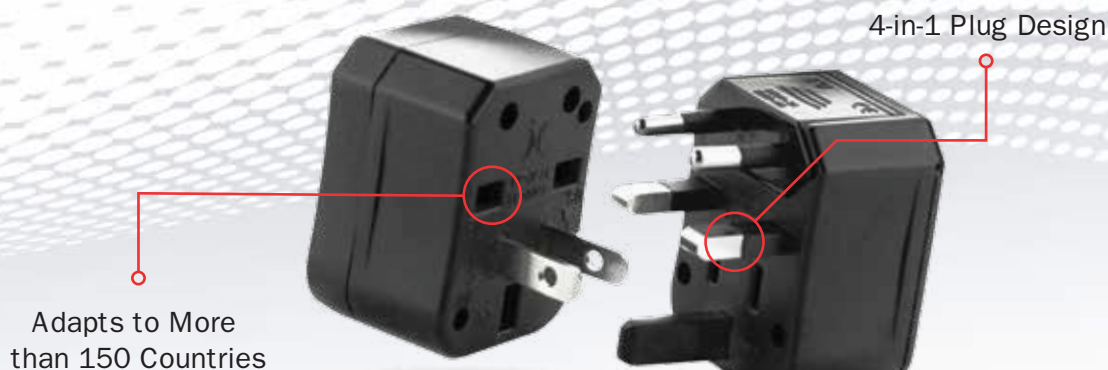

Technical

- AC Input Range: 110-250V
- Power Throughput Capacity: 3A Max (220 Volts)

ITEM: Z213N07
 UPC: 816281013376

CE FC RoHS
 Compliant
